

COMPENSATION PLAN

Board Approved August 26, 2024

*School Year
2024 – 2025*

Introduction

The Calallen ISD Compensation Plan is updated and adopted annually by the Board of Trustees and is administered jointly by the Superintendent, Director of Human Resources, and Assistant Superintendent of Finance & Operations.

Year-over-year changes to the plan are indicated with **blue highlighted text.**

Calallen ISD does not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, age, disability, military status, genetic information, or any other basis prohibited by law. Additionally, the district does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

The Board of Trustees may adjust the compensation reflected in this plan retroactively as necessary to maintain compliance with statutorily required salary allotments that could be enacted during the ongoing 88th Texas Legislative Session, or increases in school funding which were not known at the time this plan was initially adopted.

Compensation Framework

Calallen ISD's compensation plan is made up of salary paygrades with respective ranges as well as supplemental earnings and benefit programs that are approved by the Board of Trustees. Salary ranges are determined by market rates for benchmark positions. To ensure that salary ranges are competitive with the market, the District conducts market research to inform current compensation levels for comparable positions. Employees are paid according to the pay range for their respective positions. Calallen ISD's pay groups are:

- Administrative Professional
- Auxiliary
- Clerical/Technical
- Teachers and Librarians
- Stipends

The District determines the compensatory value of a position by conducting systematic comparisons of positions to assess relative internal and external value. After the systematic comparison is complete, a position is assigned an associated pay grade. Pay grades are used to group positions that have approximately the same relative internal value based on

compensatory factors (job descriptions, market data, internal equity, district consistency, and administrative input are all considered when performing job evaluations).

Salary Placement of New Hires

Salaries are determined by an employee's total years of relevant work experience as defined at the time of employment. Salary guides are developed and approved annually and do not represent or imply future pay increases or salary guarantees. The starting salary is determined individually based on each person's job related experience and salaries paid to peer employees in the same position with similar experience. No employee will be placed below the minimum of the pay range. Salary recommendations for new hires may be adjusted by the Superintendent to account for hard-to-fill positions or to recognize specialized knowledge and skills, qualifications, or technical certifications. Teachers with full certification shall be placed in the appropriate step on the Teacher Salary Scale, in accordance with their creditable years of service.

Stipend Framework

Stipends are provided for performing extra duties beyond the regular campus workday schedule. Stipend pay represents remuneration in addition to, but separate from, regular base salary, and includes assignment stipends, educational stipends, coaching stipends, fine arts stipends, and others as identified. Individuals may not be assigned extra duties that may overlap. Stipends not identified in the stipend plan are exceptions and shall not be paid without the approval of the Superintendent.

2024-2025 Compensation Increases Summary

Teachers and Librarians receive an **1.5% increase**, or \$885. Additionally, the starting teacher salary was increased to **\$52,000**.

All positions outside of Teachers and Librarians receive **1.5% increase** as a percentage of the employee's pay grade midpoint as listed on the Administrative Professional Pay Plan, Clerical Paraprofessional Pay Plan, and Auxiliary Pay Plan.

Performance Pay: Teacher Incentive Allotment

Districts without a Local Designation System: *This applies to Calallen ISD for the 2024-2025 school year.* For any funds received by Calallen ISD for a designated teacher under the Teacher Incentive Allotment (TIA) for fiscal years in which the District does not have a local designation system in place, 90% of the funds will be paid to the designated teacher and 10% percent of the funds received will be retained by the district to cover the district's share of payroll deductions and employee benefits. The district will not remit payment to the designated teacher until funds have been received in full from Texas Education Agency (TEA). Should the district receive funding for a designated teacher who has resigned or retired, the district will forward payment to the resigned or retired teacher as soon as practicable. Additionally, if a designated teacher moves into the district from another district, the teacher will receive TIA compensation from their previous district.

Local Designation System: Calallen ISD's Teacher Incentive Allotment application has been accepted and the District is implementing the local designation system. The 2024-2025 school year is our Data Capture Year, where the District implements and collects teacher data for the local designation system during 2024-25 in accordance with the accepted System Application. This includes all teacher observation and student growth measure requirements for teachers in eligible categories in the accepted System Application. **TIA allotments earned under the local designation system are pending data validation results and will not begin until the 2025-2026 school year.** For more information on the District's local designation system visit <https://www.calallen.org/domain/2475>.
